in venture capital raised by startups to-date

TIZ

designated Transportation Innovation Zone for piloting new technologies with a 48-hour turnaround on permits

FIRST

electrified, wireless inductive-charging public roadway in North America, powered by Electreon

MICHIGAN CENTRAL IN THE MEDIA

Bloomberg

Detroit's Michigan Central is the Building Revival Story of 2024

"Michigan Central, which once stood as a symbol of Detroit's fall from prosperity, is now a sign of the city's resurgence."

The New York Times

52 places to go in 2025

"Michigan Central Station, the once-abandoned Beaux-Arts train depot built in 1913, re-emerged last year as a start-up tech hub thanks to ... Ford Motor Company — fitting for Detroit's comeback tale."
