FROM **IDEA** TO **IMPACT**

YOUR NEXT BREAKTHROUGH STARTS HERE

Join over 2,000 innovators already building here, from industry leaders and startups running new technology pilots to nonprofits scaling their missions, from entrepreneurs and government leaders forming public-private initiatives to investors growing their portfolios.

Michigan Central is a first-of-its-kind 30-acre tech and culture hub where your business challenge meets the experts who can help you solve it, your prototype gets tested by real users, and your organization finds the partnerships that drive growth.

THE NETWORK THAT ACCELERATES COLLABORATION

Join a network where startups, Fortune 500 leaders, non-profits, academics, creators, investors, artists, and changemakers work side-by-side in an environment of focus, ambition, and collaboration — building partnerships, sharing insights, and accelerating breakthrough work that matters.

THE INFRASTRUCTURE THAT POWERS TANGIBLE PROGRESS

Access the resources to not just work and plan, but take action. Design, build, manufacture, publish, partner and grow your business with state-of-the-art facilities and workspace, product development labs, miles of testing spaces, beautiful event venues, a podcast and content studio and enterprise-grade secure technology.

THE DYNAMIC EXPERIENCES THAT ENRICH YOUR WORK

Immerse in the hub's rich experiences and environment, with thought leadership summits, tech pilots, cultural events and community engagement that you won't find anywhere else, all surrounded by green space and parks, restaurants, shops, housing and hotels.
